- **Software Skills:** Linux, Google Cloud, AWS, Excel, Visual Studio Code, Microsoft Office, Nmap, Wireshark, Power Automate
- **Programming/Markup Languages:** SQL, Java, Python, HTML, CSS, JavaScript
- **Soft Skills:** Communication, collaboration, teamwork, problem-solving, troubleshooting, adaptability

PROJECTS

Web App Penetration Testing & Defense

- Identified 6 exploit paths across 4 categories including XSS configuration disclosure client state manipulation and privilege escalation in under 2 hours
- Achieved admin control in the lab and validated privilege boundaries
- Simulated a 100 packet ICMP flood and noted local instability
- Documented mitigations and validation evidence

AWS Web Hosting & VPC Networking (S3, EC2, VPC)

- Hosted a website on S3, turned on static website hosting, uploaded 25+ files
- Launched 1 EC2 Linux server with HTTPD, pulled the site from S3
- Built a VPC with 1 public subnet and 1 private subnet, attached an Internet Gateway, added a route so the public subnet could reach the internet
- Kept MySQL private, used 2 security groups to allow 3306 only from the web server, blocked public access

Web Scraping and Data Analysis Automation

- Built a Python script that analyzed websites/PDFs, pulled target keywords, and saved results to a file
- Processed 600+ acts and 18,000+ pages in under 15 minutes
- Cut manual reading by 250+ hours by documenting matches and showing the exact links to review
- Marked source link to indicate whether there is or is not a match making results user friendly

GRC Policy Development

- Documented 9 data classification levels with default-to-highest when uncertain and approval rules for moving up or down to tighten access governance.
- Assigned 25+ responsibilities across 5 stakeholder groups and set twice-yearly policy reviews by the CISO with immediate updates for major threats.
- Enforced MFA for all users, standardized controls including daily backups, standardized daily backups, biannual firewall reviews, device lifecycle under 4 years, encryption in transit, centralized logging, 24 hour incident reporting with an incident response runbook

ACADEMIC AWARDS AND HONORS

- High Dean's List 2x, Spring and Fall 2024
- Dean's List 6x, Fall 2021 – Fall 2023, Spring 2025
- National Wrestling Coaches Association Scholar All-American, 2025
- College Conference of Illinois and Wisconsin Elite 26 Award, 2025
